

**PROPERTY TAX APPEAL BOARD'S DECISION**

APPELLANT: Terry McCaffrey  
DOCKET NO.: 06-01527.001-R-1  
PARCEL NO.: 05-30-206-017

The parties of record before the Property Tax Appeal Board are Terry McCaffrey, the appellant, by attorney Mitchell L. Klein of Schiller, Klein & McElroy, P.C., Chicago, Illinois; and the DuPage County Board of Review.

The subject property is a 1-year old, two-story style dwelling of frame construction containing 6,659 square feet of living area with a full, unfinished basement. Features include central air-conditioning, a fireplace and an 832 square foot garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted three comparable properties described as two-story frame or masonry dwellings that are either 1 or 2 years old for consideration. The comparables are located in the subject's neighborhood. The comparables have a fireplace, full unfinished basements and garages ranging from 753 to 1,144 square feet of building area. The comparables contain from 4,934 to 6,808 square feet of living area and have improvement assessments ranging from \$47.42 to \$57.62 per square foot. The subject's improvement assessment is \$62.23 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented three comparable properties consisting of two-story frame or masonry dwellings that were built in either 2006 or 2007. The comparables are located in the same neighborhood as the subject. Features include central

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	31,120
IMPR.:	\$	414,420
TOTAL:	\$	445,540

Subject only to the State multiplier as applicable.

air-conditioning, a fireplace and full basements. The dwellings range from 5,182 to 6,798 square feet and have improvement assessments ranging from \$62.78 to \$75.87 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$47.42 to \$75.87 per square foot of living area. The subject's \$62.23 per square foot of living area is within this range. Two of the appellant's comparables were smaller than the subject and were given reduced weight in the Board's analysis. The remaining comparables were most similar to the subject in size, design, basement area and/or age. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
